Must be a Spacecon Employee to attend.

“Thank you for your continued dedication. We recognize and celebrate our employees years of service to Spacecon. Congratulations!”

- Robert Yelinski  
Spacecon Region  
President

### Let's get social...

Take photos of your jobsite, co-workers, and events for work! Then email them, along with a blurb about the photo, to [nyelinski@spacecon.com](mailto:nyelinski@spacecon.com).

Next, like us on Facebook and follow us on Instagram to see your photos!

# SPACECON Quarterly Measure

VOLUME 5, ISSUE 2

JULY 23, 2021

### In this Issue

- Spacecon Earns Diamond STEP Award
- National Safety Stand-Down Week
- Community Events
- Employee Service Awards
- New Hires / Rehires

## Spacecon Specialty Contractors Achieves World-Class Rocky Mountain National ABC STEP Program

**Associated Builders and Contractors** announced Spacecon has achieved Diamond in Associated Builders and Contractor's STEP Safety Management System, meaning the company is 655% safer than the industry average.

Founded more than three decades ago, STEP has evolved into a world-class safety program that dramatically improves safety performance among construction industry participants..

STEP participants measure their safety processes and policies on key components through a detailed questionnaire with the goal of implementing or enhancing safety programs that reduce jobsite incidents.

“Safety is a journey, and that journey is possible because of systems like STEP, which enables ABC member contractors like Spacecon to have a safer and more productive jobsite,” said Greg Sizemore, ABC vice president of health, safety, environment and workforce development. “Committing to total human health is essential to ensure both the physical and mental health and safety of our workforce, and I commend [company] for consistently fulfilling those commitments to raising the bar of safety performance.”

According to ABC's annual Safety Performance Report, STEP participants, regardless of company size or type of work, and can reduce recordable incidents up to 85%, making the best performing companies more than eight times safer than the U.S. Bureau of Labor Statistics industry average. Ratings range from Diamond, the highest, to Platinum, Gold, Silver, Bronze and Participant.

To learn more about the STEP program, visit [abcstep.org](http://abcstep.org).

# National Safety Stand-Down Week

Occupational Safety and Health Administration (OSHA) hosted its 8<sup>th</sup> annual National Safety Stand-Down Week to Prevent Falls in Construction, May 3-7<sup>th</sup>. JE Dunn, General Contractor of Anschutz Health and Science Building coordinated a detailed week for the jobsite.

- Monday focused on "What Good Looks Like"
- Tuesday focused on Electrical Safety
- Wednesday focused on Fall Protection Stand down along with DBI Sala Fall Protection Demonstration
- Thursday focused on Stepladder Safety
- Friday focused on "Nothing Hits the Ground" Housekeeping Safety

Friday Anschutz Health and Science Building concluded their week with a luncheon. As a whole the jobsite lead by Luis Lopez has truly made safety a top priority.

## Community Events Have Returned!

As restrictions have begun to lift, we have been out in the community meeting new General Contractors, subcontractors, and vendors. We have participated in several events.

Associated General Contractors (AGC) had their first Southern Colorado Golf Event. We were a proud sponsor and held a raffle at the event. Attendees included several Southern Colorado Contractors which we were able to hear about upcoming projects and development committees to be involved with.

Congratulations Randy Stoller, Assistant Superintendent with GE Johnson Special Projects on winning the Bronco Golf bag.

Associated Builders and Contractors (ABC) hosted their annual Rocky Mountain Vibes baseball game in Colorado Springs and the 43<sup>rd</sup> Annual Memorial ABC Campbell Amble Golf Tournament.
