Spacecon Specialty Contractors Earns Awards for 2020 & 2021

During this year's Awards Dinner, Spacecon Specialty Contractors was acknowledged for outstanding collections and safety. “I want to thank all of you for the work you put in to be able to qualify for these awards. I would like to specifically recognize Belinda Seale on the extraordinary efforts she has put in to help get our money collected.” - Scott Mansfield, Vice President Western Region

Safety Awards 2020

Outstanding Safety Performance—Gold Level: Recordable Incident Rate less than 2.0

Credit Collection Awards 2021

Outstanding Awards—Branch must have exceeded the full-year 2021 collection target.

It was nice to get together again in person after two years without a Senior Managers Meeting.

We got to welcome our new managers, share updates on some exciting new initiatives, celebrate last year's successes, and generally enjoy each other's company and the Nashville scene.

Thanks to everyone who attended, and sorry to miss those who were unable to make it in person. We're already looking forward to next year!

Fatalities caused by falls from elevation continue to be a leading cause of death for construction employees, accounting to 351 of the 1,008 construction fatalities recorded in 2020 (BLS data). Those deaths were preventable.

Thanks to all who participated in the 2022 National Safety Stand-Down to Prevent Falls in Construction. Falls continue to be the leading cause of construction fatalities. The stand-down, coordinated by OSHA every year, helps to raise fall hazard awareness in an effort to stop fall injuries and fatalities in the construction industry.

For more information, visit: www.osha.gov/stop-falls-stand-down says Bill McCaffrey, Vice President of Environmental Health and Safety

Spacecon Specialty Contractors working with General Contractor, Turner Construction Company celebrates at the topping out ceremony of the soon to be UCHealth Eastview Medical Center in Colorado Springs.

The UCHealth Eastview Medical Center is over a million dollar project, located on 24 acres near the northwest intersection of Powers Boulevard and North Carefree Circle, which is west of the Banning Lewis Ranch Community. "UCHealth purchased the property in 2016 with the goal of bringing advanced health care closer to home for residents living near the Powers corridor," said Joel Yuhas, president and CEO of UCHealth Memorial. "El Paso County now leads the state in population growth, and that growth will continue as more and more people choose to live in eastern Colorado Springs. The Eastview Medical Center will provide multiple services in one convenient location, as UCHealth continues to reinvest in our community to fulfill our mission of improving lives."

The facility will be 120,500 square feet and is anticipated to open in early 2023.

Giving Back

In June we were part of the Sponsorship for Turner Constructions Annual Golf Tournament. They raised over \$120K for local organizations that will make an impact across the community. Organizations supported Denver Health Foundation, American Heart Association, Artspace and NICOE (National Intrepid Center of Excellence).
